DELHI ASSEMBLY NOW HAS BILL BEFORE IT AS PROTEST ON RACE DISCRIMINATION

Measure Proposes Reciprocal Treatment in India for People of Nations of Empire Which Treat Indians as Inferior Race and for the United States.

Delhi, India, Feb. 3.—A bill proposing reciprocal treatment for the Dominions and colonies of the Empire and the United States which treat Indians as an inferior race was adopted today by the Legislative Assembly by a vote of forty-nine to forty-one.

A bill was also introduced proposing simple punishment for seditionist offences.

GOVERNMENT ENTERTAINS NAVAL MEN

Japanese Officers Meet British Service Men and Citizens at Banquet

Common Interest in Pacific Stressed in Hopes For Anglo-Japan Amity

The toasts of the King and the Emperor of Japan were loyally honored and the hope was expressed that the cordial relations which had existed between the British Empire and Japan for many years would long continue, at a banquet at the Empress Hotel last night given by the Federal Government to Vice-Admiral Saburo Hyakutake and officers of the Japanese naval squadron visiting Victoria.

Chief Justice Macdonald, Administrator of British Columbia, presided in the absence of the Lieutenant-Governor Walter C. Nichol. Officers and retired officers of the army and navy and prominent citizens to the number of sixty sat down to the banquet table with the same number of Japanese naval officers.

WELCOME
Chief Justice Macdonald in extending the welcome of the Canadian Government to the officers and men of the squadron stated that British Columbia had a greater interest in problems of the Pacific than any other province. Japan's problems

(Continued on page 8)

ADMIRAL TO BE GUEST OF CLUBS

Japanese Officers to be Honored at Canadian Club Luncheon

Admiral Hyakutake and the officers of the visiting Japanese training squadron will be the guests of honor at the luncheon to be given at the Empress Hotel at 12 noon tomorrow under the joint auspices of the Canadian Club and the Women's Canadian Club.

Japanese warship paid an official visit to this port, and it is expected that the members of the two clubs will turn out in force for the occasion.

Tickets for the luncheon are obtainable at Fletcher's Music Store or at the Canadian Club, 810 Douglas Street, or may be secured on presentation of membership tickets at the hotel to-morrow.

BANQUET TO NIGHT

The officers of the Japanese fleet will be the guests of L. Gonyo, Japanese consul, at a banquet to be held at the Empress Hotel at 7 o'clock to-night.

Spanish Aeroplane Dropped Bomb and Killed a Moroccan

Madrid, Feb. 3.—The accidental dropping of a bomb by a Spanish army aeroplane while flying over the railroad station at Ceuta, Spanish Morocco, resulted in the death of one native and the wounding of thirteen, four seriously, according to an official statement issued to-day.

APPEAL COURT ENDS BOAK HEARING; WILL RISE TO-MORROW

Judgment Reserved With Leave to Enter New Material

Motion to Reopen Appeal in Rex vs. Vye Transferred

Reserving judgment in the hearing of Rex vs. Boak at the close of argument this morning the B.C. Court of Appeal concluded the last case on the list. The present session of the court opened on January 6, and will conclude after a final session at 11 a.m. to-morrow in which judgment will be given in some cases reserved at the Vancouver session of the court.

Leave to reopen the hearing of Rex vs. Vye was granted and new evidence was sought by Stuart Henderson, counsel for Dr. J. P. Vye, to-day, argument being postponed until the next session of the court at Vancouver.

Dr. Vye was convicted and sentenced in County Court to one year's imprisonment on a charge of illegal operation. From this the accused appealed and the appeal was dismissed. Counsel now asks that the matter be re-heard in that new evidence may come to light, and might have affected the decision of the lower courts if then known.

W. C. Carter, K.C., Deputy Attorney General, opposed the application. Leave was given to both sides to add further to the motion at Vancouver. Dr. Vye is on bail, pending an appeal to the Supreme Court of Canada from the dismissal of his appeal to the B.C. Court of Appeal.

REX VS. BOAK ENDS

The concluding moments of Rex vs. Boak were brisk. M. R. Jackson, K.C., counsel for the Crown respondent, asked and secured leave to enter affidavits of Dr. J. M. Keys as to the ability of the juror known to understand what took place yesterday. A previous affidavit by Dr. John A. Stewart had found the juror afflicted with deafness. The affidavit of Dr. Keys, said Mr. Jackson, was to the contrary in that the man understood him.

If the expert testimony of Dr. Stewart were to be admitted, it was good ground for asking the admission of expert testimony to the contrary, held Mr. Jackson. W. J. Taylor, K.C., counsel for appellant, Dr. Eric Woods, opposed the motion, pointing to the need for further cross-examination on any new material now entered.

KENTUCKY MAN PRISONER FOUR DAYS IN A CAVE

All Efforts to Release F. Collins, Held by Boulder, Have so Far Failed

Men Chiselling Rock and Pulling on Rope Fastened to Collins

Cave City, Ky., Feb. 3.—Skilled stone workers who came from Louisville yesterday to assist in releasing Floyd Collins, who has been held in his prison in Sand Cave, where a boulder pinned him Friday, plan to return this afternoon because they say their services have been declined.

Efforts to complete the investigation, and to give information to the public generally to permit of the attendance of any person or persons interested in the welfare and the interests of the city of Victoria, and it is therefore proposed that a further meeting shall take place, which will be more in the nature of the conference, the association, and the municipality of Oak Bay.

THE REPORT

The committee reported that its members have "carefully considered the situation," and is pleased to report that a great many misunderstandings and misgivings that were entertained both by themselves and a considerable number of citizens were largely removed. They were able, however, to complete the investigation, and to give information to the public generally to permit of the attendance of any person or persons

interested in the welfare and the interests of the city of Victoria, and it is therefore proposed that a further meeting shall take place, which will be more in the nature of the conference, the association, and the municipality of Oak Bay.

NEW AEROPLANE SERVICE

Tegucigalpa, Honduras, Feb. 3.—A passenger aeroplane service has been inaugurated here by a United States company for service between the Pacific and Atlantic coasts.

New Pacific Coast Newspaper Plan is Summer Conference

Seattle, Feb. 3.—A movement to unite the Pacific Coast through newspapers is to be discussed at a conference at the University of Washington here Thursday by newspaper editors from British Columbia, California, Idaho, Montana, Oregon and Washington. Fred W. Kennedy, secretary of the Washington State Press Association, announced to-day.

Plans are to be made for a Pacific slope newspaper conference to be held in Portland in summer, Secretary Kennedy said.

Seattle, Feb. 3.—A movement to unite the Pacific Coast through newspapers is to be discussed at a conference at the University of Washington here Thursday by newspaper editors from British Columbia, California, Idaho, Montana, Oregon and Washington. Fred W. Kennedy, secretary of the Washington State Press Association, announced to-day.

Plans are to be made for a Pacific slope newspaper conference to be held in Portland in summer, Secretary Kennedy said.

ROYAL BANK OF CANADA IN SOUTH AMERICAN FIELD

Montreal, Feb. 3.—Announcement was made here to-day of the purchase by the Royal Bank of Canada of the capital stock of the Bank of South America, which has a paid-up capital of \$5,000,000 and a reserve of \$2,500,000. It has a total of seventeen branches and operates through subsidiaries in Costa Rica, Colombia, Peru and Venezuela.

\$35,000,000 C.N.R. LOAN TO-DAY WAS OVERSUBSCRIBED IN NEW YORK CITY

New York, Feb. 3.—Announcement was made at the offices of Dillon, Reed & Company here at one o'clock to-day that the \$35,000,000 Canadian National Railway bonds had been oversubscribed. The issue was placed on the market this morning by a syndicate headed by Dillon, Reed & Company.

FRANCE TO DAKAR NON-STOP FLIGHT BEING ATTEMPTED

Etampes, France, Feb. 3.—Two French army aviators, Captain Alain and Lieut. Arrachard, started in an aeroplane this morning in an attempt to make a non-stop flight to Dakar, French West Africa. The airmen carried fuel sufficient to keep their machine in the air twenty-five hours. The route adopted for the flight runs through Biarritz and Lisbon and down the Southwestern European coast and the western coast of Africa a distance of more than 2,600 miles. The aviators hoped to cover this in twenty-three hours.

REX TOOK TO NOME

Physician Anxiously Watches Turn of Fight Against Diphtheria

Anti-toxin Was Carried by Heroic Drivers of Dog Teams From Nenana

Name, Feb. 3.—Whether an ally which would turn the scales in their favor in their battle against an epidemic of diphtheria or whether freezing had destroyed the value of the 300,000 units of anti-toxin rushed here in a spectacular record-breaking dog race was the question confronting Nome's one doctor and one nurse to-day as they awaited reactions from first injections, but a portion was thawed out quickly and administered.

Extreme precautions have been taken to prevent freezing of the 1,100,000 units of anti-toxin en route from Seattle.

RECORD BROKEN

Nome, Feb. 3.—Whether an ally which would turn the scales in their favor in their battle against an epidemic of diphtheria or whether freezing had destroyed the value of the 300,000 units of anti-toxin rushed here in a spectacular record-breaking dog race was the question confronting Nome's one doctor and one nurse to-day as they awaited reactions from first injections, but a portion was thawed out quickly and administered.

Extreme precautions have been

taken to prevent freezing of the 1,100,000 units of anti-toxin en route from Seattle.

RECORD BROKEN

Exhausted by mushing the last six miles into Nome with the team strained tremendously in carrying the 1,100,000 units of anti-toxin for nine days to Nenana to Nome to five and a half days, Gunner Kasson slept to-day. His was afeat seldom equalled by the seasoned dog drivers of the country. For two days he waited on the trail at Bluff with thirteen dogs to transfer the serum from Musher Olsen's dogteam.

FOUGHT BLIZZARD

When Olsen's team trotted into Bluff with the precious load, Kasson carried on despite a temperature of twenty-eight degrees below zero and a snowfall fanned by a stiff wind.

(Concluded on page 2)

DIVORCE SUIT

Vancouver, Feb. 3.—An adjournment sine die was ordered by Mr. Justice D. A. McDonald in the divorce suit of Elmer Manheart and his wife, J. Henry, who were married in Victoria in 1912. Certain formalities in connection with a letter received from the respondent rendered the adjournment necessary.

SEARCH MADE FOR MISSING MOTOR CAR

Police on Lookout For Seattle Car Following Murder of Mrs. Guy Morley

Japanese Grocer Reported His Auto Had Been Stolen Before Crime Committed

Seattle, Feb. 3.—A description of an automobile stolen here in which the man who shot and killed Mrs. Guy Morley of Victoria about 1 a.m. Sunday is believed to have made his escape has been wired by the Seattle police to all the Coast cities and a lookout for it is being kept.

The thief of the car was reported to the police yesterday by a Japanese grocery proprietor on Seventh Avenue.

The police search is directed toward finding Elmer Manheart, the last man seen with Mrs. Morley.

SEIZED EFFECTS

City detectives yesterday afternoon accepted a ruling of the court which upheld the seizure of effects of Elmer Manheart, the last man seen with Mrs. Morley.

Manheart had not visited his room since Saturday. The door to a closet in which a suitcase and bag were found packed was locked. The manager of the hotel said Manheart had mentioned a possible trip to Spokane to see his father.

PERSONAL TRIBUTE

The Princess Kathleen is due at Los Angeles on Tuesday and should be here either on Saturday or Sunday week.

While the function planned will be more or less of a personal tribute, it will also signalize the entry into the coastwise service of the Princess, the first ship of the Princesses.

With a speed of 22½ knots it is expected that the journey to Vancouver from this city will be shortened by an hour on both the Princesses.

(Concluded on page 2)

CALMLY AWAITING END OF THE WORLD

Followers of Mrs. Margaret Rowan in Los Angeles Say Feb. 6 the Day

Hollywood, Cal., Feb. 3.—Followers of Mrs. Margaret W. Rowan, Hollywood prophetess, whose prediction that next Friday will mark the end of the world have agreed to forego conventions in Pacific cities, of which Victoria will secure her full share, and spend time in tourist business.

Mrs. Gardner, who has been hoping that the city's carnival to celebrate the opening will be on a generous scale commensurate with the importance of the Crystal Garden to the city.

No preparations are being made,

nor will any religious services

be held, said Mrs. B. E. Fulmer, spokesman for the prophetess.

Services Over Late George Jeeves to be Held Wednesday

(Continued from page 1)

Funeral services for the late George Jeeves, pioneer contractor, who passed away at his home on Sunday, will be held from the D.C. Funeral Chapel to-morrow at 2.30 under the auspices of the Oddfellows. After the services the remains will be forwarded to Vancouver for cremation. Mr. Jeeves was for many years a partner in the firm of Gregor and Jeeves contractors, and under their direction a number of the principal buildings of the city were erected, notably the Protestant Orphanage, City Market, Victoria Avenue, Bank of Montreal on Government Street, the Adelphi and Jewell Blocks. The firm was engaged by the Bank of British Columbia to complete the Parliament Buildings after the original contractor had failed. After his retirement, Mr. Jeeves also superintended the building of Government House and the Armories.

Mayor Pendry, who was present on that occasion, has endorsed the idea, and suggested that this should be made a memorable occasion, and the whole city should join hands. Decorations should be put up he said, and Capt. Troup, the Kathewell and her crew, should be given a welcome worthy of the occasion.

FROZEN SERUM THAWED AND USED IN NOME

(Continued from page 1)

The storm and darkness prevented him meeting Fred Rohr at Solomon for the last short relay dash into Nome. He kept up the race, and Nome. The floral offerings were very beautiful, showing the esteem by which the diphtheria was held by his many friends. Rev. F. Hardy, pastor of Hampshire Road Methodist Church conducted the service, assisted by Rev. W. J. Sipprell, D.D., Dr. Daly and Rev. W. A. Abbott. Two hymns were sung, "Jesus Savio" and "Safe in the Arms of Jesus."

The solo, "One Sweety Solumn Thought," was sung by T. F. R. Oliver, with H. Holland officiating at the organ. The remains were laid to rest at Ross Bay Cemetery, with Capt. F. J. Hickey, Captain A. Hunter, Capt. W. L. Palmer and the Messrs. S. H. Gray, A. E. Appleby and T. Brown. The floral bearers were employees of the Canadian Pacific Coast Service.

Montreal, Feb. 3.—Fire last night destroyed the Orpau Building in the north end of this city with a loss of \$55,000, partly covered by insurance.

Big Heavyweight Battles Assured In Summer Months

Dempsey Will Take on Both Harry Wills and Tommy Gibbons, Rickard Says

New York, Feb. 3.—Tom Gibbons yesterday took a definite terms with Tex Rickard for a fight which will pit Jack Dempsey about June 1 either in New York or Jersey City, with an understanding that the winner will oppose Harry Wills, negro contender.

September, Rickard announced his two new title heavyweight shows this year, after his conference with Gibbons and his manager, Eddie Kane. At the same time, the promoter asserted confidence that he would have little or no difficulty signing Dempsey for the title-fight part of the programme.

There was some explanation as to what effect Dempsey's fighting plans would have upon the matrimonial venture which he has announced for May. Observers concluded, however, that unless there was some hitch in that, the champion's fiancée, Estelle Taylor, motion picture actress, had removed her objection to tuning their wedding bells to the sound of the ring song.

Mayor Pendry, who was present on that occasion, has endorsed the idea, and suggested that this should be made a memorable occasion, and the whole city should join hands. Decorations should be put up he said, and Capt. Troup, the Kathewell and her crew, should be given a welcome worthy of the occasion.

Young People Stage Successful Indoor Picnic at Y.M.C.A.

Philadelphia, Feb. 3.—Freezing of anti-toxin rushed to Nome, Alaska, by dogteam to combat the diphtheria epidemic will have no effect upon its properties. Milton Campbell, president of the H. K. Mulford Company, manufacturing chemists, declared to-day.

Four hundred young people from different Young People's Societies of the city and surrounding areas, guests last night of the Y.M.C.A., at a most successful indoor picnic.

Competitive games in the gymnasium provided the greater part of the evening's programme. The events included "criss-cross" relay races, girls' basketball, girls' relay, hat-trimming, minnie-collar, tie and ribbon, and ladies' nail driving contest.

The greatest element of competition prevailed and keen rivalry existed between the young people. When the smoke of battle had cleared it was found that the Americans were victors with a total of nineteen points, with First Presbyterians second with ten points, while the Congregationalists were third with six points.

After the gymnasium programme the party sojourned to the large lobby room where lunch was served in picnic style. An interesting presentation was made by William Hud-

son, chairman of the Y.M.C.A. of Nome.

Seattle, Feb. 3.—Five containers holding 1,000,000 units of diphtheria anti-toxin and packed in waterproof small sacks are to be shipped Wednesday on the steamship Admiral Watson for Nome via Seward and Nenana and by dogteam from the latter point. Colonel G. N. Magruder, local chief of the United States Public Health Service, announced to-day.

KENTUCKY MAN PRISONER FOUR DAYS IN A CAVE

(Continued from page 1)

about the body of the victim. He has been held in confinement for four days. But hope stronger than the jaded bodies of the rescuers held out to day and renewed efforts were being made to pull Collins from his living tomb.

Apparently only the most primitive and really will be successful.

Still optimistic, but himself facing a complete breakdown, Collins has entered into any scheme to extricate him from the vice nature created for one who would dare to extract him from the mountain caverns. Once before he had been imprisoned for days when another enormous boulder fell and blocked his egress from Crystal Cave after he had progressed to a new-found passage.

BUTTER, COAL AND PLUMBING FEATURE LUNCHEON

Kiwani Club Hears Varied Addresses at Weekly Gathering

The large attendance at to-day's Kiwanis Club luncheon, at the Chamber of Commerce, heard interesting addresses by Frank Partridge, J. MacDowell and Walter Walker.

The projector of the British Columbia dairy industry was dealt with by Mr. Erdridge, who pointed out that although the British Columbia production had increased in 1924 to over 4,000,000 pounds, this was only one-third of the requirements of the Province.

The Alberta dairy industry was outlined as being the chief source of the requirements of the Province's supply.

As an example of the great value of dairying to Alberta, Mr.

Partridge stated that one Calgary factory is at present making over 40,000 pounds of butter weekly, a production which attains, at the July peak, a total of over 125,000 pounds weekly.

PLUMBERS PRAISED

J. McDowell spoke on the influence the modern plumber had on society.

He pointed out that it is a matter of pride to have a plumber.

"We have too much eleemosynary care, and not enough faith in God by which one is strengthened to care for himself. Christ told the lame man to take up his bed for himself and walk. If men will come back to religion and the church, they can take care of themselves much better than the substitution of all these artificial aids will ever do."

The projector of the new "Twenty-first-century American cathedral" is a business man, an advertising expert, an author, a salesman and a friendly human personality in addition to being a preacher. But above all he is an idealist for a spiritual realization of the fatherhood of man. Such a realization, he is convinced, is the great need of humanity as individuals and as society.

Dr. Reisner is 53 years old, tall, heavy set and white-headed. He was born and reared in Kansas and served churches in Kansas City and Denver before coming to New York. Each of his churches was a struggling handful when he went to it and developed under his effort to 40,000 pounds of butter weekly, a production which attains, at the July peak, a total of over 125,000 pounds weekly.

INDUSTRY

Walter Walker discussed coal giving the history of its use from earliest ages.

He spoke on the Panama Canal.

Three attendants prizes were awarded, by drawing, to Dean Quinton, President Dr. Miller and Dr. J. Stewart, B. C. Nicholas making the presentations.

APPEAL COURT ENDS THE BOAK HEARING

(Continued from page 1)

If expert testimony were to be entertained at all it should be required from both sides, remarked the Chief Justice.

There was to be considered, said Mr. Jackson, the cross-examination of the juror, George Keown, that of Dr. John Steiner and the examination of Dr. J. M. Macdonald.

The Keys' affidavit was only filed yesterday, said Mr. Taylor. If it were admitted he wished leave to file an affidavit by a Mrs. Bloomfield, who said that she had been present every day of the trial and alleged that she saw one juror nudged by his companion every time his name was called.

An allegation of nudging was not a matter of expert testimony, remarked Chief Justice Macdonald, and could not be considered in the same light.

With respect to the actions of the trial judge, said Mr. Justice Phillips, the proceedings at the lower court had not been such as laid down by the statute, and if there was error, as asserted by appellant counsel, it was good ground for a new trial.

The affidavit of Dr. Keys was admitted with leave to counsel for the appellant to cross-examine on the point, said the War Measures Act.

Mr. Symington argued that the Crow's Nest Act and the general War Measures Act should be read together, and where the two conflicted, the special act should prevail.

Replies to a question by Mr. Justice Mignault on this point, Mr. Symington illustrated with a hypothetical case. Supposing a statute provided special rates for Ottawa and Montreal and, in the same light, there was general power for the revision of rates, the general power would not repeat the special clause.

ONE SECTION RULES

"That is not reading the act as a whole," said Mr. Justice Mignault.

It is giving the effect of one section over the other.

"It is the old rule of the special prevailing over the general," said Mr. Symington.

The chief justice remarked there was the further provision to be borne in mind, except in this act otherwise provided.

REASONABLE RATES

"To put my case in a nutshell," said Mr. Symington, "Particular rates should fix the maximum on wheat and flour, and the minimum on oats, barley, rye and corn."

Saunders, who has one leg and is presently ill in hospital, is charged in connection with the same offence and has been remanded until April.

IMPORTANT POINT

Mr. Justice Mignault raised the point whether these special rates had been fixed by the Crow's Nest Act or by the War Measures Act.

The point was an important one.

The agreement was an offer so far as it stood, but was it a fixing of rates by statute or a fixing of rates by agreement in return for subsidy?

Mr. Symington observed that he had to take up that point later.

He submitted, however, that where a public measure had been accepted, the agreement was binding.

The court adjourned till this afternoon.

"TWENTIETH CENTURY CATHEDRAL" TO SOLVE PROBLEM OF BIG CITY CHURCH AND ITS SOCIAL SERVICE

CITY ENTERTAINS VISITING SAILORS

Programme at Chamber of Commerce Last Night Was Cordially Appreciated

The Chamber of Commerce auditorium was crowded to the doors for the entertainment given by the city for the visiting Japanese sailors last night. The programme was in the hands of ex-Alderman John Harvey, acting for the city, and a committee of the Naval League and judging by the audience the meeting was well enjoyed. Miller Hines presided. The Japanese National Anthem was first sung. Songs were given by Arthur White, Bob Webb, George Lewis and others. The visitors themselves contributed to the programme with a community song which one of the party declared to be the Japanese version of "It Ain't Going to Rain No More." The Boys' Naval Brigade Band, under Captain George Webster, presented a number of selections. J. W. Findler presided at the piano. A short box-lighting programme was given under the direction of W. H. Davies. Albie and Jumbo Davies put up a brisk three rounds exhibition. Mr. McPherson and Ernie Wedley raised it for a few rounds. A short address was given by Commander Skarupka.

Light refreshments were served to the visitors. The evening wound up about 11.30, when the sailors went to Esquimalt in special street cars.

Architects' plans of the Broadway Temple, and Dr. Christian Reisner, the pastor

parts open every day of the week. No discriminations will be made against any race or creed. The church will belong to its community.

"But our church will be unlike the 200 existing religious organizations in our city. We are not religious in source and are administered by people who have stopped going to church. We are not going to erase God from our projects for fear of giving offence.

Every department of our work must hope to show our people that provision for physical welfare merely can not satisfy the soul of man.

"I believe our plan may solve the problem of the church in the city. It will be unique in its service to run its social work and a monument of religion as compared with the big buildings of commerce. We have had 500 letters of inquiry about our church already, and I expect to see hundreds of cities using our idea."

President.

AUDITORS' REPORT TO SHAREHOLDERS

We Report to the SHAREHOLDERS OF THE DOMINION BANK.

That we have audited the above Balance Sheet as at December 31st, 1924, and compared it with the books and vouchers at Head Office and with the certified returns from the Branches. We have obtained all the information necessary for our audit and in our opinion the transactions of the Bank which have come under our notice have been within the power of the Bank.

In our opinion the Balance Sheet discloses the true condition of the Bank and is as shown by the books of the Bank.

A. B. SHEPHERD, C.A.
Percy G. BOGERT,
of Macmillan, Mitchell & Co.,
General Manager.

SOUTH COWICHAN BADMINTON RESULTS

Special to The Times

Cowichan Station, Feb. 2.—Accompanying are the scores in the South Cowichan Badminton tournament:

LADIES' SINGLES

First round—Mrs. Waldy, bye; Miss Kennington, bye; Miss Dawson-Tomas, bye; Miss Rice, 11-5, 11-4; Miss Miller, 11-0, 11-2; Miss G. Rice defeated Miss L. Rice, 11-8, 14-12; Miss Miller, bye; Miss Blythe, bye; Mrs. Finlayson, bye.

Second round—Mrs. Waldy defeated Miss Kennington, 11-5, 11-4; Miss Dawson-Tomas, 11-0, 11-2; Miss G. Rice defeated Miss Miller, 11-1, 11-9; Mrs. Finlayson defeated Miss Blythe, 11-1, 11-0.

Semi-finals—Miss Waldy defeated Mrs. Waldy, 11-4, 11-5; Mrs. Finlayson defeated Miss G. Rice, 11-5, 11-6; Final—Mrs. Finlayson defeated Miss Waldy, 11-1, 11-3.

MEN'S SINGLES

First round—F. Norie and C. Jervis-Waldy defeated Col. Rice and Major R. Rice, 15-7, 15-9; Mr. Harding Finlayson and Mr. Scott defeated F. Kingston and A. Bazett, 15-1, 15-2.

Whitlaw and R. Forsythe defeated Col. Eardly-Wilmot and Major Armstrong, 15-6, 15-2; L. T. Price and L. A. Craig, bye.

SECOND ROUND

H. Harding Finlayson and D. Scott defeated L. F. Norie and C. Jervis-Waldy, 15-1, 15-2; Whitlaw and R. Forsythe defeated L. T. Price and E. R. Craig, 15-9, 15-5.

Finals—Mr. Harding Finlayson and D. Scott defeated Whitlaw and R. Forsythe, 15-10, 15-9, 15-13.

LADIES' DOUBLES

First round—Mrs. Jervis-Waldy and Miss Norie defeated Mrs. and Miss Dawson-Thomas, 15-6, 15-5; Mrs. Harding Finlayson and Miss Waldy defeated Mrs. Brock and Miss Norie, 15-0, 15-3; Miss G. Rice and Miss Miller defeated Mrs. Rice and Miss Griffiths, 15-1, 15-2; Miss Miller and Miss Blythe, bye.

Second round—Mrs. Harding Finlayson and Miss Waldy defeated Mrs. and Miss Dawson-Thomas, 15-6, 15-12; Miss L. Rice and Miss G. Rice defeated Miss Miller and Miss Blythe, 15-2, 15-9.

Finals—Mrs. Harding Finlayson and Miss L. Rice defeated Miss G. Rice, 18-15, 15-12.

MIXED DOUBLES

First round—Col. Eardly-Wilmot and Mrs. Dawson-Thomas, bye; C. J. Norie and Major R. Rice defeated Miss Miller and Major Rice, 15-6, 15-2; D. Scott and Mr. Eardly-Wilmot defeated Mr. Armstrong and Miss Kennington, 15-1, 15-2; Mr. and Mrs. Finlayson defeated F. Kingston and Mrs. Dawson-Thomas, 15-3, 15-12; Mr. and Mrs. Whitlaw and Mrs. Dawson-Thomas, 15-4, 15-12.

Second round—L. T. Price defeated F. Kingston, 15-11, 15-12; R. Forsythe defeated M. H. Finlayson, 15-6, 15-8; D. Scott defeated W. Huntington, 15-0, 15-1; A. Bazett defeated Whitlaw, 14-17, 15-9, 15-10.

Semi-finals—R. Forsythe defeated

SAYS NATIONS NEED MORE CHRISTIANITY

N. W. Rowell of Toronto Addresses Foreign Missions Conference in Washington

Declarer Canada Adopted Correct Course in Joining League of Nations

Washington, Feb. 3.—Application of the Christian theory of international relationships to world problems was urged by Newton W. Rowell of Toronto before the Foreign Missions Conference of North America yesterday.

"A Christian theory of international relationships," he said, "involves recognition of the fundamental

unity of our humanity. The problem before the United States to-day is, while fully recognizing the places and forces of nations, and the national state, to regrasp that essentially Christian view of the unity and solidarity of the race."

Mr. Rowell drew thunderous applause from the gathering when he contrasted the attitude of the United States to accept opportunities for international co-operation with Canada's acceptance of responsibility in the League of Nations.

"We neither apologize for nor regret our conduct as a Christian nation in this matter," he said.

MORE TEACHING.

Declaring pre-aching, more teaching; less talking, more silence, was the advice brought to a Protestant churchmen on this side of the Atlantic by Bishop Michael Purse of St. Albans, Eng.

Declaring war was the outcome of the jungle principle, "Get grab and keep what you can," he said.

Bishop Purse spoke at the conference to help wipe out fear and suspicion between nations by carrying the word of Christ to others.

RADIO TESTS WERE HIGHLY SUCCESSFUL

Special to The Times

Ladysmith, Feb. 2.—The Ladies and the Army and Navy Veterans in Canada have established the reputation of running the best dance in this district for years. On Friday last this unit was at home to the dancing public of this city and the dancing hall of the local unit.

The hall was beautifully decorated with artificial flowers, the Rev. Morton or Namalmo, who with some of his low members kindly donated the flowers and their services in decorating the hall, which was a work of art. Words of praise are heard on all sides for the manner in which the men of the local unit worked and the manner in which the dance was conducted. The supper was tastefully decorated in red, white and blue, with evergreens. The veterans themselves prepared and served the supper. Little Harmony orchestra supplied the music and the manner in which it was received can be judged by the fact that the dance did not close until 4 a.m.

The Ladysmith Agricultural Society is initiating running a series of old-time dances and with this in view have formed a new club called Old Time Dancers' Club at which all the old-time dances such as Lancers, Polkas, etc., will be put on, and it is hoped that by these means a number of the people who have given up going to the dances will be able to enjoy the old timers. The first of this series will commence on Saturday night next.

SOMENOS FARMERS MEET

Special to The Times

Duncan, Jan. 21.—The postponed annual general meeting of the Somenos Farmers' Union took place on Friday evening. Mr. Morford was elected president for the coming year and M. Smith secretary. The balance sheet was presented showing \$59 on hand and the books will be closed on March 1st.

The tests, The Melbourne Herald reported, were most successful on Friday last, when words spoken into the microphone at Station KIKA, Pittsburg, were put through Australia and the Antipodes, to W. W. Davies, New Zealand newspaper representative, who handed over the apparatus to officials of the Westinghouse Company, brought the assurance of the week's success. It was said the tests had resulted in transmission of the human voice through the air a distance of 11,000 miles.

The tests, The Melbourne Herald reported, were most successful on Friday last, when words spoken into the microphone at Station KIKA, Pittsburg, were put through a loud speaker in Collins Street, Melbourne, and given directly to a crowd.

The musical numbers also were successfully transmitted to the Collins Street gathering and couple danced to the music in one of the city's public squares. The paper previously had reported that orchestral numbers broadcast earlier in the week had been heard in the remote Australian bush, where people left their dinner tables to dance to the strains.

The members of the sports and entertainment committees were re-elected. Mr. Bonner, a manufacturer of lime and fertilizers at Cobble Hill, gave a very interesting and informative talk on the subject.

Efforts to Save Ancient Nilometer

The members of the sports and entertainment committees were re-elected.

Mr. Morford, being obliged to pay integrally what she owes without any account having been taken of the losses she underwent.

It is unthinkable that only the money advanced should be entitled to repayment, and the loss of human life and the sufferings endured should count for nothing.

"It would be nothing short of bankruptcy if international law and equity."

Mr. Morford said he had received numerous letters from the United States appealing his views on the question of international law and equity.

"I am sure," declared Mr. Morford, "that American will be favorable to the application of that doctrine of equal apportionment of war burdens which would entail France's being obliged to pay integrally what she owes without any account having been taken of the losses she underwent.

It is unthinkable that only the money advanced should be entitled to repayment, and the loss of human life and the sufferings endured should count for nothing.

VANCOUVER HOTEL men announce their intention of demanding a considerable modification of the beer-by-the-glass regulations. They contend that Mr. Davidson's plan does not give them a fair show and will not permit their hotels to function strictly according to law. Another of their arguments is that unless these rules shall be changed to a point where hotels can enter into the sale of beer by the glass and make at least a reasonable profit on their investment, the main object of authorizing the sale of beer in hotels will be frustrated.

It is too late to revive an original objection—to which The Times gave expression while there was time to heed it—to the selling of beer by others excepting Liquor Board officials in Liquor Board premises; but we shall be surprised if the even tenor of Mr. Davidson's way is disturbed by any such demand as that about to be made by the hotelmen of Vancouver. There is nothing in the regulations which should prevent the licensee from making his reasonable profit by selling beer in strict accordance with the regulations which Mr. Davidson has drawn up.

MR. STEVENS AGAIN

ON THE FRONT PAGE of Saturday's issue of The Vancouver Province, Mr. H. H. Stevens, the Federal member for Vancouver Centre, repeated his melancholy survey of Canada in general and British Columbia in particular. "Conditions," he said, "are so grave and perturbing" in the industrial world as a result of "tampering with the tariff" that he feels quite sure it will be the principal issue at the session which will commence this week. Yesterday's issue of The Province tells us in a very large double-column head that "Advancement all over Province" is the result of its inquiry. It also finds that the weekly press of British Columbia "chronicles general development," and that "much work" on mining properties is being planned. No wonder The Vancouver Daily Province should feel encouraged to spend a large sum to cope with the growing business of British Columbia. Is it a case of "everybody's out o' step but our Jock" with Mr. Stevens?

BRITISH CAPITAL

ONCE IN A WHILE SOME body solemnly tells us that every time this Dominion's position in the Empire is discussed on the platform or in the House of Commons British investors are frightened away. A well-known humorist was the latest to warn us against the danger of talking about status. But we never seem to hear a word from anti-status elements in Canada or from The London Morning Post about the shock the British investor gets every time he reads about a revolution in Brazil or political turmoil in Chile—or anywhere else on the southern part of the American continent—whether much of his capital has gone.

Less than two weeks ago a state of siege was declared in the Federal District and States of Sao Paulo, Matto Grosso, Rio de Janeiro, Parana, Santa Catarina, and Rio Grande do Sul. This state of siege, by the way, is to remain such a condition until April 30, when it is presumed the danger of more serious trouble will have passed. Nobody in Canada or Britain seems to be the least bit alarmed about this development in a country where both Canada and Britain are financially interested in very large sums. Yet Brazil is a country where such explosions are fairly frequent.

The truth, of course, is that British capital goes where the return appears to be the most inviting, whether the place of investment is populated by white, black or yellow people, Christian, Mohammedan or pagan; whether it has good government or no government at all. That is why Great Britain is the greatest trading nation on earth and London is the financial centre of the globe.

A NEW NEWSPAPER

ALTHOUGH NOT ALL of them have made a fortune, some of them have found, and are no doubt still finding, it

difficult to make ends meet—those enterprising publishers who have founded newspapers in the young communities of British Columbia have played a very important part in the Province's development. Scarcely a town of any size is without its weekly or semi-weekly journal to record those events which constitute the real news of a great majority of the people of any country—the local happenings. To the number already on the newspaper directory must now be added The Kimberley Press—a weekly journal of six pages full of entertaining and informative material. Its first issue breathes a spirit of optimism in every line and its publishers consider that the steadily increasing mining activity in that locality furnishes plenty of justification for such a hopeful outlook. With the Sullivan Mine three miles out of the town, and a million-and-a-half-dollar concentrator operating within its limits, there would appear to be a good deal to support the venture which The Times welcomes and wishes well.

FLYING FLAGS

VICTORIA IS WELL SUPPLIED with flagstaffs. There are numerous occasions when most or all of them might display the familiar bunting. It is neither necessary nor desirable that the practice should be overdone. But the occasions which actually call for it are not infrequently overlooked. Since this is going to be such a big banner year for Victoria, so many evidences of local progress making their appearance during the coming Spring, the visit of the Japanese squadron might well be a good occasion on which to start the practice.

MR. STEVENS AGAIN

**DR. FRANK CRANE
ON
"The Temple of Business"**

THE Woolworth and the Equitable Buildings have been called the Temples of Business.

They really are great marvels of architecture. The Cathedrals of St. John the Divine that is building in New York has a better right to be called the Business Temple. It is a place for business to worship to the care of this world, and to think upon eternal problems.

Bishop Manning the other day said from the pulpit of this church that what some part of this cathedral might be built to those interested in sports and recreations, I should like to see the steel men, the grocers, the clothing trades, the actors, the musicians, the artists, the writers, the physicians, the educators, and the men of science all have their distinctive part and place in it.

The great cathedrals of the Thirteenth Century that adorn Europe were built by the people themselves, and their wealth came from the feudal lords who in that way represented the government. The merchants of the city were glad to give of their money, of their profits in trade, toward it. The stone was quarried and carved by the people of the city, and the whole community gathered in front of it on festival days.

We do not enjoy the unity of faith which that age did, but we probably have more religion. That is our people are more spiritual minded and disposed to consider the problems of life from a religious viewpoint. The people are hungry for the spiritual diet which the Church provides.

It is the duty of the church to abate sectionalism and fanaticism in the churches, and they will receive the hearty support of this particular Act.

The Cathedral of St. John the Divine is an Episcopal edifice, however, and it is the duty of the church to be of service to all humanity. A recent contribution to it was made by a prominent Jew, and people of all faiths are uniting in its construction.

It is possible that the Cathedral is not to be the form which the religious sentiment of this age shall take. But it is fitting that that sentiment shall express itself in a beautiful building calls for the co-operation of the entire community, just as its support will depend upon the extant citizenship.

Any sect has an opportunity to enhance its usefulness and base its power upon common man, and its endeavor to do so should meet with all encouragement.

There is plenty of money in the United States, and money that is being used for all kinds of purposes. We contribute a large amount of property annually. Whether it not be well to take part of our surplus and invest it in some permanently beautiful building that through the ages it might represent?

Nothing recalls me to the banks of the middle ages like their buildings. It may be true that their civilization, as has been said, was "built upon a dung heap." Many wars marred their history. But the world was being enlightened in many cases, by trading in the open market he may be able to secure a better return for his labor.

One cannot shut his eyes to the fact that there have been in the past some very bad countries, and had cooperative associations, at least as far as the farmers are concerned, and should a farmer become associated with one of the latter kind, he is compelled to continue shipping his produce to them, accepting in return whatever treatment they may choose to him, and he is denied the privilege of being a member of the European or Oriental (no matter how lowly their occupation may be) through the ages it might represent?

Nothing recalls me to the banks of the middle ages like their buildings. It may be true that their civilization, as has been said, was "built upon a dung heap." Many wars marred their history. But the world was being enlightened in many cases, by trading in the open market he may be able to secure a better return for his labor.

It also finds that the weekly press of British Columbia "chronicles general development," and that "much work" on mining properties is being planned. No wonder The Vancouver Daily Province should feel encouraged to spend a large sum to cope with the growing business of British Columbia. Is it a case of "everybody's out o' step but our Jock" with Mr. Stevens?

Nothing recalls me to the banks of the middle ages like their buildings. It may be true that their civilization, as has been said, was "built upon a dung heap." Many wars marred their history. But the world was being enlightened in many cases, by trading in the open market he may be able to secure a better return for his labor.

As far as the front page of Saturday's issue of The Vancouver Province, Mr. H. H. Stevens, the Federal member for Vancouver Centre, repeated his melancholy survey of Canada in general and British Columbia in particular. "Conditions," he said, "are so grave and perturbing" in the industrial world as a result of "tampering with the tariff" that he feels quite sure it will be the principal issue at the session which will commence this week. Yesterday's issue of The Province tells us in a very large double-column head that "Advancement all over Province" is the result of its inquiry. It also finds that the weekly press of British Columbia "chronicles general development," and that "much work" on mining properties is being planned. No wonder The Vancouver Daily Province should feel encouraged to spend a large sum to cope with the growing business of British Columbia. Beauty

A Gleamy Mass of Hair
35¢ "Dandrine" does Wonders
for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Dandrine" and brush it through your hair. The effect is startling!—You can do your hair up immediately and have a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Dandrine" is also toning and stimulating each single hair to grow thick and strong. Hair stops falling out and dandruff disappears. Get a bottle of "dandrine" and drap it over counter and just see how healthy and youthful your hair becomes. (Advt.)

IN WOMAN'S DOMAIN

MARRIAGE CEREMONY AT SIKH TEMPLE SUNDAY

The scene at the Sikh Temple, Blackwood Avenue, on Sunday afternoon during the service which united Miss Beatrice Carter, of Ladysmith, and Dalip Singh, of Chemainus, in marriage. The service followed the Sikh ritual and prior to the marriage the bride, who is a white girl, was baptized into the Sikh faith. The bride is the third figure on the left, and the bridegroom is seated between her and a relative of the bride. The central figure in the background above the carpeted dais is the priest who officiated at the ceremony.

CHAPTER RAISED \$1,200 DURING YEAR FOR WORTHY CAUSES

**Florence Nightingale, I.O.D.E.
Re-elects Mrs. Catterall
as Regent**

The second annual meeting of the Victoria branch of the Overseas League was held yesterday afternoon in the private dining room of the Hudson Bay Company with the president, Canon Hincliffe, in the chair and a large number of members present. Mrs. A. E. Hodgins reported that two years ago, when the branch was reorganized, there were seven members who to-day there were 22 members and the life members make up the result of which is that the Victoria branch of the league is the largest in Canada.

A very interesting report by the secretary, Mrs. Lamborn, was read by Mr. H. C. McCallum, from the recording secretary, Mrs. H. A. Whittall, and the treasurer, Mr. C. G. Cooper, were also received.

The officers of the past year were unanimously re-elected to office and are as follows: President, Joshua Hincliffe; Vice-president, Mr. H. J. Ravenhill; secretary, Mrs. Lamborn; recording secretary, Mrs. H. A. Whittall; treasurer, Mr. C. C. Cooper, and convener of the programme committee, Mrs. Wheatey.

A.O.F. Anniversary Dance—A large crowd is expected at the dance to be held under the auspices of Court Northern Light, A.O.F., at the Alexandra ballroom on Thursday, February 5. The committee has reported a large demand for tickets, and everything is being done to make this event a success in every way. This year being the fiftieth anniversary of the court it is the intention of the committee in charge to make this dance a form of celebration. Hincliffe's dance orchestra has been engaged for the occasion, and a very good programme has been arranged. The catering is in charge of the Alexandra Club. Tickets may be obtained from the following stores: Heaton's musical department, Kent's Edison Store, and the B. and B. Cigar Store, also at the Maple Leaf Bakery and at the door.

Silver Tea—A silver tea will be held on Wednesday, February 4, in Strawberry Vale Hall, from till 5 o'clock, to all the families of the ladies' aid attached to St. Columba Church, Strawberry Vale. A short musical programme is being arranged by the ladies, and tea will be dispensed by Mrs. Holmes and Miss Raper.

PROTESTANT HOME LADIES GRATEFUL FOR DONATIONS

The ladies' committee of the Protestant Orphans' Home wish to thank the following for donations for January: Mrs. Dorman, two sweaters; Mrs. Webb, box pearls; Mrs. J. E. Watson, cake; Mrs. W. B. Brenton, books; Mrs. M. M. Watson, Calvert, books; Albion Stone Works, repairing stove; St. John's Beacon Club, tea and entertainment; Carne Rebecca Lodge, entertainment; Dr. Bryant and Dr. Lewis Hall; Times and Colonist.

The ladies present included Mrs. Hiscott, Mrs. Brown, Mrs. Woodward, Mrs. Cameron, Dorman, Brethour, Dinsmore, Walker, Grimshaw, Berry, Calvert, Wilkerson, Shepherd, Misses Newberry, Denny and Murray.

Three children were admitted during the month.

Garden City, W.L.—The monthly meeting of the Garden City Women's Institute will be held on Thursday, February 5, at 2 p.m., in the Marigold Hall. A full attendance of members is requested, also a cordial invitation is extended to any newcomer in the district. The card party had last Friday evening, well attended, there being eight tables of players. The winning prizes were: Ladies, Mrs. Hooper, Mrs. Eaton, gentlemen, Mr. Lee and Mr. McLean.

SOCIAL AND PERSONAL

Have you tasted it?

The new shredded wheat cracker has arrived! It is a real whole wheat cracker (not made of flour) containing all the body-building elements in the whole wheat grain, cooked in steam, shredded and baked crisp and brown. The more children chew Triscuit the better they like it and the more nutriment they get out of it. Heat them in the oven and butter them while hot. Delicious with cheese or marmalades.

What to Observe in Illness

One of the chief problems in the home care of the sick is that of the observations of symptoms. It is a simple matter to do simple treatments and to serve food attractively, but when it comes to being sure of the patient's condition, whether he is better or worse, whether or not one should call the doctor—well, that is where the home nurse feels the need of professional assistance in all cases of critical illness.

It is possible, however, to make and to record certain observations which are of assistance to the doctor and which he will interpret in the light of his professional knowledge. And one with responsible intelligence can do this best without professional experience and careful study it is difficult to interpret them correctly. Observations should, therefore, be made for the purpose of keeping the doctor informed rather than as a means of independent judgment concerning the patient's progress.

A simple written record noting the time observations were made, as well as the nature of them, should be

MOTHER!

Watch Child's Bowels

"California Fig Syrup" is Children's Harmless Laxative

When your child is constipated, billious, has cold, feverish breath, coated tongue or diarrhea, a tea spoonful of genuine "California Fig Syrup" sweetens the stomach and promptly cleans the bowels of poison gases, bile, souring food and waste. Never cramps or overacts. Contains no narcotics or soothing drugs. Children love its delicious taste.

YOUR HEALTH

ARTHRITIS PAIN IS RELIEVED BY MOIST HEAT PACKS

By Royal S. Copeland, M.D.

Recently I had a heart-breaking letter from a doctor's wife. Her able and sympathetic husband and several eminent specialists had tried in vain to find a heart remedy. In spite of everything the pain continues.

A diagnosis of arthritis has been made and undoubtedly it is correct.

Wherever the bones come together there is a joint. It may not be a very movable union, but whether it is or not every bone, cartilage, tendon, muscle, ligament and a living membrane called the synovial membrane.

The very delicacy of this membrane makes it liable to inflammation.

Its location within a more or less movable joint causes it to be pressed upon and painful whenever that particular joint is called into motion.

We refer to inflammation of this structure as arthritis. Whether the attack is in the wrist, the knee or the back, the causes and local conditions are the same.

It is believed now that arthritis, unless it is the direct result of an injury, is caused by an infection somewhere in the body, perhaps a long way from the inflamed joint.

Arthritis—inflammation—the chronic ones—are very slow to develop. They may be quite advanced before their presence is realized.

What I wish to make clear is that the arthritis may have existed for many months and even for years, before the victim fully realizes something is wrong.

The primary condition may long since have disappeared.

The bad teeth, the diseased tonsils, the intestinal disease, or whatever it was that originally infected the system may have been forgotten, but the joint remains.

The auditor's report showed that Esquimalt was well in front of its requirements, and that its books had been well kept. There was a surplus in the sinking fund requirements as to sewers, and a small surplus on the general fund. Expenditures on the roads and buildings, estimated face of tax arrears and land reversions. The report was ordered spread on the minutes.

The annual loan by-law was passed in final reading, authorizing the borrowing of \$65,000 from the Bank of Montreal at six per cent.

An effort to secure a lower rate of interest fell through, the bank holding firm to the six per cent asked.

Similarly a plan to introduce the pre-payment of taxes plan was discarded as ineffectual in a township of the size of Esquimalt.

ORDER RELIEF WORK

A grant of \$500 asked by the trustees of the Victoria Tourist Auto Camp was granted, and the amount continues to produce adequate and painless relief.

It must be admitted frankly that chronic arthritis is a pretty obstinate thing and not very hopeful as regards complete recovery.

It is important to rid yourself of the existing disease, as far as possible, and to have other joints involved. For the relief of pain and the sleeplessness it causes there are some simple things to do.

The chief remedy is heat. The natural thing to do when heat is needed is to apply an electric pad, a hot water bottle or some other form of dry heat. That won't do in arthritis. Moist heat must be used.

Fit up a high candle power electric light bulb with a protecting shade.

Wring a towel in hot salt water and cover with a dry towel. Keep this hot by directing upon it the hot rays of the electric bulb. Do this night and morning, for a half hour each time.

Then do not forget that certain internal remedies are useful.

The nature and frequency of the excretions must be recorded. If either the bowel movement or urine appear abnormal in any way they should be preserved for inspection.

The mental state of the patient is of great importance. Any tendency to "wander" or to excitement without apparent cause should be reported to the doctor, as should unusual depression and dullness.

The physician should be automatically observed. The amount and nature of food partaken of, the state of the appetite, the occurrence of nausea or vomiting should be noted.

The nature and frequency of the excretions must be recorded. If either the bowel movement or urine appear abnormal in any way they should be preserved for inspection.

The mental state of the patient is of great importance. Any tendency to "wander" or to excitement without apparent cause should be reported to the doctor, as should unusual depression and dullness.

The physician should be automatically observed.

The amount and nature of food partaken of, the state of the appetite, the occurrence of nausea or vomiting should be noted.

The nature and frequency of the excretions must be recorded. If either the bowel movement or urine appear abnormal in any way they should be preserved for inspection.

GUNS SOUND WELCOME TO TRAINING SQUADRON

Three Ships of Vice-Admiral Saburo Hyakutake's Command Are Now at Esquimalt; Reception by Officials and Countrymen.

Steaming up from Race Rocks convoyed by a fleet of small craft and greeted by the boom of guns in salute from the Black Rock battery, the three vessels of the Japanese training squadron, composed of the cruisers Asama, Idzumo and Yukumo reached Esquimalt harbor yesterday afternoon. The fleet will have travelled 20,000 miles by the time they reach home.

Throngs of people were at the wharves at Esquimalt yesterday to greet the ships. Automobiles were parked all along the waterfront with passengers anxious to catch a glimpse of the ships.

The flagship Asama, with Vice-Admiral Hyakutake aboard docked at the naval jetty.

One of the most striking incidents of the arrival of the Japanese squadron yesterday was the welcome paid the warships by a fleet of Japanese fishing boats, which met them at Race Rocks. When the first smudge of smoke appeared on the horizon the Japanese fishermen made their preparations for greeting the ships of war.

Flags fluttered from their masts and their sterns when they sped to meet the warships.

As the cruisers headed for Esquimalt the crash of guns resounded across the harbor as the batteries ashore thundered their salute. The flagship replied.

The Asama went alongside the naval wharf at Esquimalt and the Idzumo took up a berth at the coal dock.

The Yukumo was moored in the harbor.

OFFICIAL GREETING

The Asama was the first alongside. Immediately she was safely berthed the party of welcoming officials went aboard.

Commander F. H. Brabant, senior naval officer at Esquimalt, was the first aboard. Close behind followed J. Gomyo, Japanese Consul; Y. Sato, secretary to Mr. G. A. Alderman, H. M. Minister representing Mayor Pendray; Brig-General J. M. Ross, G.O.C. the military district; Major W. H. Langley, president of the Victoria branch of the Navy League; J. B. Warnicker, vice-president, and P. A. Rayher; K. Ishii, president of the Victoria Japanese Association; I. Ishida, a member of the executive council of the Japanese Association; S. Takei, oldest member of the Japanese Association; Y. Asada, president of the Japanese Association at Genoa Bay; K. Maeda, of the Duncan Japanese Association; Mrs. Staple, president of the Women's Auxiliary of the Japanese Association; Mrs. Y. Ogura, president of the W.A. J.A.; Rev. Y. Ogasawara, of the Japanese Mission; S. Shinobu, of the Japanese War Veterans' Association of Vancouver, and members of the Vancouver Japanese Association.

TOURISTS WERE RECEIVED BY POPE

Premier Mussolini Greeted Empress of France Passengers

Naples, Feb. 3.—A large party of Canadians and Americans touring the world on the Canadian Pacific Line's Empress of France were given audience by His Holiness Pope Pius XI. Premier Mussolini and the British Ambassador were also present. Driving through the city later the party again encountered Mussolini, who was on horseback. Catching sight of them he saluted and shouted "Viva America." To give further evidence of his good-will towards the people of the Americas, he then sent for a number of photographs taken by some of the tourists and granted also a brief interview to a representative of the Canadian and American press who was a member of the party.

Upon the arrival here of the Empress of France, 1,000 passengers divided themselves into three parties, one of which took in the longer trip to Rome, another going to Sorrento and Smalfi, after visiting Pompeii, and the others to Sicily.

Vancouver Island Egg-Laying Contest

Year 2—Weekly Report, No. 13, Week Ending Jan. 30, 1925
Conducted by the Dominion Experimental Station, Sidney
(Registration)

The following table gives the production of the individual birds for the week under columns numbering 1 to 10. "W." gives the total weekly pen production and column "P." the total number of eggs for the pen to date. The difference between the two is the total and the records of the individual birds are the result of eggs laid in the floor.

Week's production, 52,700.

ADMIRAL COMES ASHORE

SAN FRANCISCO SHIPPING

San Francisco, Feb. 3.—The Imperial Fleet Corporation has abolished its Shippers' radio service, controlled by that corporation, and has contracted with two radio companies to handle wireless services. Canadian merchant marine vessels, it became known yesterday, the contracts were divided between the Radio Corporation of America and the independent Wireless Telegraph Company.

Flags fluttered from their masts and their sterns when they sped to meet the warships.

As the cruisers headed for Esquimalt the crash of guns resounded across the harbor as the batteries ashore thundered their salute. The flagship replied.

The Asama went alongside the naval wharf at Esquimalt and the Idzumo took up a berth at the coal dock.

The Yukumo was moored in the harbor.

STEAM SCHOONER SAFE AT HARBOR

Water-logged Craft Picked Up With Crew and Taken to Astoria

Portland, Ore., Feb. 3.—The water-logged steam schooner Coaba, which was picked up yesterday afternoon south of the mouth of the Columbia River adrift without her crew, was brought into Astoria Harbor this morning by the Canadian Pacific, according to a report to the Merchants Exchange. An earlier report by radio said the towline had parted five miles off North Head. The crew deserted the Cooba before the Forest King found the vessel. One of her lifeboats containing four men was picked up by the Gray's Harbor pilot boat this morning, and another containing two men, was sighted near the Gray's Harbor Bar, according to a message received by the Federal Telegraph Company station here.

If you are too poor to be a want-advertiser, then, indeed, you are in "hard luck"; otherwise, you still have an "even chance" with the best of them.

VICE-ADMIRAL SABURO HYAKUTAKE

Commander-in-Chief of the Japanese naval training squadron, snapped for the Times following the arrival of the fleet yesterday afternoon at Esquimalt.

CONTRACT AWARDED

It is announced from Seattle that the contract for the supply of the Admiralty Ordnance to the British Admiralty has been awarded to the Todd Drydock, Seattle. The President Madison was the last ship in from the Orient in the Admiralty Line service and will go to drydock immediately.

SHIPPING CONTROL SHOULD BE PRIVATE

Government Ownership Costly and Wasteful, Expert Declares

New York, Feb. 3.—Government ownership and operation of shipping was called a "costly and wasteful" experiment which should be brought to an early end" by Alfred Hilbert Smith in an address before the American Steamship Owners' Association, of which he was re-elected president yesterday. He said shipping methods were practical only by private enterprise.

The concentration of public interest for political matters and a national election has precluded private shipping interests from "crying out for the retirement of the Government from the business," Mr. Smith said. "An opportune time for the private owner to be heard is yet to present itself," he added.

SEATTLE SHIPPING

Seattle, Feb. 3.—Funeral services for Captain Elmer E. Lohman, 60, who died this afternoon, are to be held at 2 p.m. today. Captain Libby was born in Cape Elizabeth, Maine, and came to Seattle in 1903 to work for the Alaska Packers. He was master of the first tugboat ever built in Seattle. Captain Libby was a lieutenant in the navy during the world war.

The steamship Visita of the United American Lines fleet, owned by Suddes and Christensen, Pacific Coast agents for the company, arrived yesterday with 500 tons of general cargo from the Atlantic Coast.

After discharging North European cargo offerings, the German steamship Holger shifted last night to Vancouver, B.C., where she is to load 4,000 tons of bulk grain for North European delivery.

RATE OF EXCHANGE

Ottawa, Feb. 3.—The rate of exchange in connection with shipments of freight between points in Canada and the United States during the period of February to February 14, inclusively, will be 3.42 to 3.43 to the U.S. dollar, according to the recent order of the Board of Railway Commissioners. There will be no surcharge on international freight or passenger business.

WILD MAN FOUND IN QUEBEC DISTRICT

Was Living in Shack Under
ground; Only Food Was a
Fragment of Meat

Quebec, Feb. 3.—Apparently as immune from discovery as if he had been living on one of the South Sea Islands, a man named Camille Deneau has been found in a half-frozen condition on a bank of the St. Charles River in a shack he had thrown together himself. This had sunk into the ground, covering the top portion with earth and stone. A policeman called to the scene found a narrow opening leading downwards. This was covered by a door to the inside of which was fastened a rope, the other end of which was tied around his person, as he lay on a rude bed.

NOW IN JAIL

With some difficulty the man was persuaded to emerge and a wild-looking creature made his way into the sun. He was sentenced to jail, where he will be taken care of until spring.

The man declared he had been living under the earth since last June, subsisting as best he could, though he had no food in his possession when found, with the exception of a small piece of meat, which was frozen.

DENIES PETITION FOR HABEAS CORPUS WRIT FOR CHARLES MORRIS

Seattle, Feb. 3.—Judge Jeremiah Neterer this morning in Federal Court denied a petition for a writ of habeas corpus in behalf of Charles Morris, who as a participant in the miners' strike had been held in custody on the gulf boat Beryl G. in Canadian waters, who is fighting extradition. Morris sought release on bail.

Judge Neterer announced that the petition would be denied, but that he would grant a writ of habeas corpus if he had examined further in legal authorities presented by attorneys for Morris yesterday. The court held it had no jurisdiction as to the sufficiency of the indictment, which already had been passed on by the proper authorities.

NEWS IN BRIEF

The Victoria West Brotherhood will meet to-night at Semple's Hall at 7:30.

Alderman Woodward will speak to the James Bay Brotherhood to-morrow evening on his civic tax reduction scheme.

The Esquimalt branch of the Ladies' Guild for Sailors will be the hostesses at a dance to be held in the Seafarers Club on Wednesday evening. Miss Thain's orchestra will dispense the music. The proceeds will be used for the club's work among the sailors.

Building permits have been issued as follows: W. G. J. Haswell, 1468 Dallas Road, extension of building; 1105 Government Street, additions; J. Calderwood, 1711 Bay Street, garage; Alexander Stewart, 1611 Belcher Street, garage; and F. Teague, 1814 Crescent Road, alterations.

Alderman J. B. Cleary will speak at the Trades and Labor Council to-morrow evening on "The Eight-Hour Act," and at a subsequent meeting Deputy Minister J. D. McNiven has promised to explain the working of the exemptions permitted to the statute by the appeal board of which he is chairman.

Decrees absolute in two divorces hearings were granted by Mr. Justice W. A. Macdonald in Supreme Court this morning. Mrs. Rose Galligan sued John G. Galligan and Albert L. Bright, sued Mrs. Edith Bright. C. L. Harrison acted for petitioner in both hearings. The actions were undefended.

Recognizing the contribution of the Cadets band to the entertainment for the midshipmen at the Chamber of Commerce yesterday evening, the boys have been invited to an entertainment at the flagship Asama to-morrow afternoon. They are invited to muster at the dock-gates at 4 o'clock with their instruments.

At the close of the hearing of Rowe vs. McCoubrey, a claim for damages for motor collision, in County Court yesterday judgment was reserved. Hearing in Burton vs. Sluggett opened this morning, being claimed by Katherine Burton, a minor, by proxy for damages as the result of a motor collision in which J. W. Sluggett is named as defendant.

Arrangements for the fourth annual dance of the Brotherhood of Railroad Trainmen, which is to be a record gathering is anticipated at the Chamber of Commerce auditorium to-night. Dancing will take place from 9 p.m. until 2 a.m., with Ozard's orchestra in attendance. A special buffet supper will be served. Tickets may be had from the members of the committee, or at the door.

Some protection is to be given at Ross Bay seawall, Alderman Blair told the estimates committee of the City Council last evening, to prevent a further accident like the one which occurred which is regarded as being in jeopardy in the footings. There have been troubles in the past of this kind one during construction, the other some few years ago, when damage was done by storms.

Not agreed that a satisfactory bond had yet been reached for the conduct of municipal elections, the cost of which has been commended on several times recently in council, the aldermen in estimates committee last evening referred the matter to the returning officer and solicitor back to those officials and Alderman Woodward and Clearyhouse for a further report on the matter.

Mrs. Gunnarson of Revelstoke captured the honors in the ladies' ski race, followed by Mrs. Turnross, Mrs. Johnson and Miss Isobel Courier, respectively.

One of the main features of the annual event was the pony skijoring, which was won by a team consisting of McKinnon and Hunt, the former on the pony and the latter on skis.

Hundreds of out-of-town visitors are in the city, and more are arriving, by ski events, a masked carnival and hockey are on the taps for this afternoon and evening.

The man declared he had been living under the earth since last June, subsisting as best he could, though he had no food in his possession when found, with the exception of a small piece of meat, which was frozen.

There was no precedent for applying a counsel in defence of a substitute accused, except in cases involving capital punishment. Francis Emerson was told in County Court to-day, that, faced speedily with an indecent act, will fail to apply for a writ of habeas corpus. In legal advice, C. H. O'Halloran appears for the accused but failed, stated Judge Lampman when the case was called on remand this morning.

The regular meeting of the Victoria and District Gardeners' Association will be held this evening at the City Hall at 8 o'clock. John Hutchinson, F.R.H.S., of the Rockhampton Gardens, will be the speaker and will address the association on the possibilities of Victoria as a center of horticultural growth. Mr. Hutchinson is well known to many by his weekly writings in The Times. A cordial invitation is extended to any interested to meet with the gardeners. Members are particularly urged to be present as matters dealing with the constitution will be dealt with.

Owing to the inclemency of the weather on the evening when Gaul's "Holy City" was last given, many were delayed in getting home, so it has been arranged to repeat it in the Church of Our Lord. Reformed Episcopal next Wednesday evening, February 4, at 8 o'clock sharp. The large choir of sixty voices will be accompanied by organ alone, as the orchestra parts have been returned. The soloists will be the same as before. Miss Lois Lockwood, Mrs. Dowell, Mrs. Georgina Watt, Messrs. Maurice Thomas and P. J. Kiley, with Major Watts conducting. Miss Ada Wise and Mrs. Brice will also sing in trio and quartette work.

When the pass was awarded to him, Bill said he would rather mail it back to Nauvoo and beat his way home, as he got "more kick out of it," he said.

The B.C.E.R. Employees' Social Club is holding an informal dance at the Caledonia Hall on Wednesday next, from 8:30 to 11 p.m.

An Emergent Communication of Queen City Chapter, No. 5 O.E.S., will be held on Wednesday, February 4, at 2:30 p.m. at St. Barnabas schoolroom, corner of Caledonia Avenue and Cook Street.

There will be a meeting of the Mother Union on February 6 at 2:30 p.m. at St. Barnabas schoolroom, corner of Caledonia Avenue and Cook Street.

Blanesburgh is
British Member of
Reparations Group

London, Feb. 3.—Lord Blanesburgh, Lord of Appeal in Ordinary, has been appointed to succeed Lord Bradbury on the Reparations Commission. As his successor he will only be necessary at intervals. Lord Blanesburgh will continue to discharge his duties as a judge of appeal.

Little Ailsa Thompson of Los Angeles Also Says She Poisoned Woman

Police Are Not Convinced She Is Telling Truth, But Are Puzzled

Los Angeles, Feb. 2.—Police today were checking a sensational confession they say was made to them last night by seven-year-old Ailsa Thompson, precocious grammar school pupil, to the effect that two years ago in Dauphin, Manitoba, she killed her two sisters by putting poison in the food they ate.

Her alleged confession also included an admission that a woman had fallen victim to her infantile skill at mixing deadly potions, and that since coming to Los Angeles with her parents, Mr. and Mrs. Russell Thompson, she had attempted the lives of still other children and adults.

MIXED ACID PASTE
She was brought to the attention of authorities here yesterday when Mrs. Thompson, a child of 12, complained the girl had mixed paste with sulphuric acid taken from a radio battery and had attempted to feed it to members of the family.

Questioned by a police matron, the child is alleged to have admitted the poisoning attempt, saying: "I guess I did it." She was asked if she was sorry for what she had done.

The more she was questioned, the more attempted and unsuccessful poisonings she remembered, with the result that an investigation is under way and police, while hardly convinced Ailsa is telling the truth, admit they are puzzled.

A tunnel has been bored forty feet deep to divert the flow of naphtha to other channels.

The origin of the fire is unknown.

Baku, Feb. 2.—Twenty-five persons were suffocated and fifteen were injured by the ignition of a large naphtha well. The city is situated on the gigantic flame issuing from the well, which is produced on the road like that of a huge blast furnace. The authorities are attempting to restrict its spreading.

A tunnel has been bored forty feet deep to divert the flow of naphtha to other channels.

The origin of the fire is unknown.

**Vancouver Comes
From Rear to Beat
Regina Capitals**

Visitors Gained Three-goal
Lead; Failed to Hold it
Against Furious Attack

**Regina Drops Five Games on
Coast This Year, Three to
Victoria Cougars**

Vancouver, Feb. 3—Coast trips appear to be the hoodoo of the Regina hockey club this winter. With the Maroons finishing on the top end of a 5-4 count at the Arena last night, the Capitals finished their British Columbia invasion without winning a game this season. On the present trip Victoria Cougars beat them 3-1 and 2-1 and the Maroons made it a clean sweep. Earlier in the season Victoria blanked Wes Champs 5-0 while the Maroons followed with a 6-5 win. Last night's victory the third in as many starts puts the home team level with the invaders at 10 points each with a faint chance of play-off spots.

With the vast majority of the breaks favoring Regina and the lucky McCusker in the nets for the aforementioned sextette, the Vancouverites deserved to win, for taking the ice after a hard's rest, they skated like mad, but the visitors had staved off defeat for the fact that McCusker was ringed by a whole blacksmith shop full of horseshoes, the score might have been up in double figures. Regina, however, had had a strenuous week of it, being called upon to play three games in five days which is not easy under-taking in the W. C. H. L. as at present constituted.

MAROONS ARE STICKERS

In winning, the Maroons proved that they are never beaten team for they put every ounce of energy into the proceedings early in the second period after burly Albie Newell had made it a trio for the Caps. Captain Art Duncan started the trouble for McCusker when he dodged through the defence and scored a goal right for the opening Maroon goal. From then on until seven minutes of the last period had gone, it was a procession of Maroon players toward McCusker's citadel and the trouble did not stop until the home team had notched up eleven in five minutes putting them up "abbit." McVeigh grabbed the rubber at the halfway mark and shot through the defence for Regina's fourth. From then on until the finish both custodians had their hands full but without all attacks.

IRVINE MISSED FINE CHANCE

In the last two minutes Hughie Lehman was peppered from far and near to no effect. McVeigh opened up the play with a drive, then a pass out from the corner straight across the goal mouth but Dick Irvin in his eagerness to do the trick, missed the rubber altogether.

During the closing minutes Mackay and Gagne engaged in a little squared arm exhibition and then promptly stopped. The game was strenuous and full of action from whistle to whistle. Only six penalties were handed out.

First period—1, Regina, Irvin, 2:22; 2, Regina, Irvin, 8:27.
Second period—3, Regina, Newell, from Irvin, 6:11; 4, Vancouver, Duncan, 2:04; 5, Vancouver, Matte, 3:33.
The play went on, 6, Vancouver, P. Boucher, 1:13; 7, Vancouver, P. Boucher, from Arbour, 2:52; 8, Vancouver, Arbour, from F. Boucher, 2:11; 2, Regina, McVeigh, 2:25.
Penalties

First period—Dutkowski, 2 min.; Second period—Traub, 2 min.; Harris, 2 min.
Third period—Harris, 2 min.; Moran, 2 min.; Mackay and Gagne, for rest of the game, about 50 seconds.

**Says Fulton Took
\$6,000 to Take One
Blow on His Chin**

Los Angeles, Feb. 3.—How Fred Fulton, Minnesota plasterer-boxer, received \$6,000 from Fred Winsor, manager for the Mexican heavyweight, Tony Fuente, the morning after Fulton was "knocked out" by Fuente in 35 seconds of fighting at 3:30 a.m., was told in superior court here yesterday by Jack Reddy. Fulton's manager, after he was released from a charge of violating the California prize fight law and thus put in a position to turn state's evidence against Fuente, Winsor and Fuente were jointly charged with violation of the prize fight law as a result of the alleged "frameup" bout at Culver City. Fulton pleaded guilty when the case was called last week, and was fined \$500. Fuente, Winsor and Krocger, attorney for the defense, will continue to day with counsel for the state planning to attack their case by to-morrow night.

SHATTERS THREE RECORDS

LEILA BROOKS

The Canadian ladies' skating championship passed into the hands of this pretty young miss on Saturday, when she skated away from her fields and established three new world's records. Miss Brooks is following in the steps of Gladys Robinson, who held the title for several years. Miss Brooks has benefited from Gladys' style and is a much faster skater than the former champion. Both Gladys and Leila are Toronto girls.

**Three Football
Games Will Be
Played Saturday**

**First Division Games Should
Prove Interesting: Players
Before L.I.F. Board**

**Teamsters Play Tillicums and
Bays Meet U.S. in Wednes-
day League Games**

Three First Division soccer games are scheduled for Saturday and are as follows:

Esquimalt vs. Wards at Royal Athletic Park. Referee Payne.

Veterans vs. United Services at Beacon Hill. Referee, Saunders.

Victoria Wests vs. Sons of England at Work Point. Referee, Ockwell.

At present the Veterans occupy the premier position with Esquimalt in second and the Wards third.

The game at the Royals' third should provide plenty of thrills for the Wards and Esquimalt will be battling for second place. Another good match is expected at Beacon Hill between the Vets and Services. The former will do its best to retain their leadership while, in order to stay in the lead, the Veterans will be on the alert.

The line-up of the teams will be as follows:

Times—Mitchell, Whitley, J. Kas- son, Bissell, Zoyk, Paterson, A. Kas- son, T. Tate.

Colonists—Pascoe, Bothwell, Rick- erson, Mawhinney, McConnell, McPhee, Delahunt, Gilson.

**Tillicum Basketers
Win in Close Game**

In one of the closest games seen this season, the Tillicums defeated the Wards last night by the score of 16-14. In the first half the colonists secured a lead of two points. In the second half, checking was hard, but the Tillicums managed to hold their two-point advantage until the end.

The third game of the evening, the Garrison defaulted to the C.P.S.

PLAYERS ON CARPET

At the regular weekly meeting of the Lower Island Football Association last night a number of the players were brought before the governing body. Allen and Ward of the United Services were censured for their conduct in the game with the Colonists. The two men, again in the case of Merle of the Vets and Taylor of the Wards, the matter was dismissed on account of the referee's report being unsatisfactory.

Wednesday League football games for to-morrow are as follows: Teamsters vs. Tillicums at Beacon Hill. Referee, Payne.

The teams will be as follows:

Teamsters—Heatherhill, Newman,

Gibert, McKinnon, Tupman, Stew-

art, Caskie, Speak, Hay, Hawks and Davis.

Hudson's Bay—Shrimpton, Gibson,

Gardner, Woodley, McKay, Webber,

Addie, Stewart, Cull, Toohy and J. L.

Fen. Reserves, Stevenson and Kroeger.

OUINET IN BERMUDA

Hamilton, Bermuda, Feb. 3.—Frank Ouinet, former national golf champion and Richard A. Jones, metropolitan junior champion, members of a party of golfers from the United States, who arrived to day to take part in the Bermuda amateur championship at Tucker's Town beginning Wednesday.

Ouinet is the only entry

playing a great back-checking game, and several fine rushes of the newsies were broken up in this way. Some

Women Tennis Players In France Wear Skimpy Skirts and Roll Sox

Monte Carlo, Feb. 3—Bare knees have appeared here among the women tennis players, who are wearing rolled stockings and skirts almost as short as bathing suits. The abbreviated skirt and plenty of knee room adds a lot to the play, the players say, and give much more freedom than formerly. Skirts of the new tailor-made and ensemble suits worn in Monte Carlo are also much shorter than even a few months ago, and tight. The skimpy skirt has come to stay at least for this season, according to the tailors.

Tillicums Show Fine Form Beating Colonist

**Clubmen Trounced Colonists 2-0 in Amateur Hockey
Last Night; Shells Won Easily From Sons of
Canada by Score of 4-1; Shells and Tillicums
Now Joint Occupants of Premier Position
and Will Meet Next Week; Large
Crowd Attends**

	P	W	L	D	Pts.
Shells	5	3	1	1	7
Tillicums	5	3	1	1	7
Colonists	5	3	2	0	6
Sons of Canada	5	0	5	0	6

Playing a fine brand of hockey and outclassing their opponents the Tillicums sprang a surprise at the Arena last night in their amateur hockey league by trouncing the Colonist league leaders by the score of 2 goals to nil. In the other game last night the Shells had no trouble defeating the Sons of Canada, the oilers coming out on the long end of a 6-1 score. One of the biggest crowds seen at an amateur hockey game for some time witnessed the teams battle.

As a result of their victory the Shells and Tillicums now occupy the premier position in the league. Next week the two leaders will meet in the deciding game for the championship, and the Duleigh Cup. It should be a real battle from start to finish. The Tillicums, although a team formed of all the younger players of the season, have made a very creditable record.

The Tillicums, although a team formed of all the younger players of the season, have made a very creditable record. They hope to score another victory over the Shells next Monday, and walk off with the title. On last night's play the Tillicums showed up far better than the Colonist, the clubmen's combination and shooting being splendid.

In the opening game the Shells had

the best possible shape for the McKechnie Cup game here on Saturday with the Vancouver team.

The Colonist will be the final game in the series for Victoria this year.

The Capitals ruggers will then be on Saturday to get ready for the great struggle with the "All-Blacks" two weeks from to-morrow.

SONS LEAD SHORT-LIVED

Just after the start of the game the Sons secured their only goal following a series of exchanges between Harry Smith and Dan Smith, the former scoring from the face, off the Shells went on the attack, and Mumfroy drove one at "Fit," who saved, but Hughie Burnett rushed in and drove the rebound into the cage. Thirty seconds later the Shells went into the lead Foster, scoring with a fine, shot from left wing.

In the second frame the oilers secured one more counter Tuckwell, taking a pass from Matthews in front of the goal and driving the whasher. The Sons came back strongly, and Harry Smith worked hard, a couple of times nearly broke through, but the defense of the gas-men was solid, and all attempts to score were broken up.

GOALS COME FAST
Goals came quick in the final period. One minute after the opening Copas beat "Fit" with a shot from the left boards. Tuckwell secured his second goal of the evening, taking a pass from forward and lodging the puck in the drawing room. The game should be a thriller from the first whistle.

To insure good hunting the club proposes to import \$300,000 worth of such beasts and to keep them up in fifty-two square miles of California hills enclosed by \$450,000 worth of escape-proof fencing.

Spencers' Ladies and Men's Bas- ketball teams leave here to-night to play the teams from the Mainland city on Saturday. The Spencers' teams are well up in the city leagues, especially the ladies who have still to lose their first game, so they are expected to give the Vancouver team a great battle. The following play-

ers are making the trip: Ladies—Misses Dingess, Stewart, Aynes, Davies, Miles and Cox. Men—Harris, Rutledge, S. Smith, Lewis, McCleay and Baylin.

SUMMARY

First period—Sons, H. Smith from D. Smith, 4:49; Shells, Burnett, 1:15; Shells, Foster, 30.

Second period—Shells, Tuckwell, 2:05; Shells, Burnett, 2:05; Shells, Copas from Tuckwell, 3:15; Shells, Tuckwell, 2:05; Shells, Burnett, 7:50.

PENALTIES

Glazan, Mumfroy, English, all two minutes.

GOALS

AT THE THEATRES

**GRIPPING DRAMA
IS PORTRAYED IN
'FORBIDDEN PARADISE'**

"*Forbidden Paradise*," which opened at the Dominion Theatre last night, brings Pola Negri to the screen in the first American-made production by the greatest of all European directors.

The story is a romantic drama of a small town in a kingdom. Pola Negri's role is that of the Countess, a woman of many loves; Rod La Rocque is a soldier in her army at the front and Adolphe Menjou plays to perfection the role of court chancellor. Pauline Starke, who completes the featured players, is the first lady-in-waiting to the queen, in love with the king.

The production is an adaptation of the stage play, "The Czarina," a tale of regal romance and intrigue, with the star in her greatest role—by far. Lubitsch has developed it tremendously since that early day in Europe when he began writing his way along. There is in his methods to-day a sweep and a sureness which were not present then. In "Forbidden Paradise" he is vastly superior to the

AT THE THEATRES

Capitol—"Flirting With Love," "Divine Right," "Salome." Playhouse—"Salome." Columbia—"The Bandolero."

youthful Lubitsch who startled the world with "Passion."

Pola, too, has developed. As a queen she is superb. La Rocque, Menjou and Miss Starke are all ideally cast. All in all, "*Forbidden Paradise*" offers entertainment for everyone. It has gripping drama, heart-appeal, genuine humor—a picture that's bound to please.

"FLIRTING WITH LOVE" FINE ENTERTAINMENT NOW AT THE CAPITOL

Superb entertainment is "*Flirting With Love*," the First National picture, co-starring Colleen Moore and Conway Tearle, which opened last night at the Capitol Theatre for a limited engagement.

We cannot remember ever seeing a picture before in which these two popular screen players were together, but after viewing this delightful picture of stage life we will look forward with anticipation to their next appearance together.

Based on Leroy Scott's story, "Counterfeiter," this photoplay establishes tenderly the case of Gilda Lamont, played by Colleen Moore. There are perhaps hundreds of Gildas, who, like the Gilda of "Rigo-

letto," must suffer ignominy for sacrifice.

Gilda is an actress, and, like most actresses, she is confronted with the problem of holding her audiences by giving up the drama she loves for risqué farces. She does it because she and her manager cannot eat on the profits of "artistic successes."

Of those who see Gilda struggle from the sofa to the bench to divine dramatic gifts can appreciate the sympathy she really deserves.

To complete her come-down she has a press agent who surrounds her with shocking tales of his imagination. She immediately becomes notorious, and we see the sincere little creature suddenly transformed into a violently temperamental prima donna in order to live up to her reputation.

Consequently, when she is starred in "The Lost Klimt," a veritable Niagara of money and fortune is bequeathed to her. Even this is wrested from her within twenty-four hours. Wade Cameron (enacted by Conway Tearle), a psychoanalyst who acts as chairman of the "Better Plays Committee," closes the show as immoral.

The plot follows fast and furiously. The camel's back has been broken, and its attempts to pass through the eye of a needle could not be more entertainingly full of humor and pathos than Gilda's revenge upon Cameron,

her the mystery of love was of far greater import and fascination, and giddily, once her censorious vow was gratified, she set forth to meet the mystery which had been stirred in her soul by the voice of the Prophet spurning her.

After the reception given to "*Salome*" in New York, the critics and the unqualified endorsement of it by the National Board of Review, it presently will appear that "*Salome*" will have achieved a vast popular success because of its fantastic appeal and the sheer beauty of it.

**LEADING LADY IN
"BY DIVINE RIGHT"
GOES TO BED EARLY**

A distinguished group of screen stars appear in the F.B.O. picture "*By Divine Right*," showing at the Coliseum Theatre. Among those noted players are Elliott Dexter, Mildred Harris, Anders Randolph, Grace Carlisle, Sydney Tracey, De Witt Jennings and Jeanne Carpenter.

The story calling for such a brilliant cast has been adapted to the screen from Adam Hull Shirk's novel, "*The Way Men Love*."

The plot lies far from the conventional and is said to carry enough romance and thrill and suspense to please all.

The scenes of a big train wreck have been acclaimed by newspaper critics as the greatest of their kind ever presented.

R. William Nell, who directed "*By Divine Right*," declared Mildred Harris is the least temperamental actress he has ever met. Miss Harris answers when saying, "It is the result of early training. You will find that most stars who are temperamental keep late hours. Their temperament is really nothing more than being 'sore' from being tired out.

She goes to bed each night at 11 o'clock. The little star added, "My friends tell me that the 'queer' their parties, but my work means more to me than having a good time, and one cannot work well unless they get at least eight hours sleep a day."

The young Argentine, who has great prestige as an athlete in South America, where he was the amateur-sprint champion for five years, was anxious to go into the building for the fight scenes, and refused Terriss's offer of a doublette, but insisted on "doubtless" for him. The director reluctantly goeth through the scenes in the arena, but the dangerous adventure might have passed successfully if the actor's attention had not for a moment been distracted by warning shouts from the sidelines.

Manuel Granado, a young actor and athlete from the Argentine, now in his early twenties, will carry a scar for life as the result of being gored

by a bull when he was in the arena at Cordoba, Spain, playing a scene in Tom Terriss's Metro-Goldwyn production, "*The Bandolero*," due at the Columbia Theatre.

Granado, believed to be a "comer" in the films, was picked by Terriss to act the leading juvenile role in new *Adores* and Pedro de Cordoba's important cast. Granado went with the Terriss company to Cuba, and from there to Spain.

The young Argentine, who has great prestige as an athlete in South America, where he was the amateur-sprint champion for five years, was anxious to go into the building for the fight scenes, and refused Terriss's offer of a doublette, but insisted on "doubtless" for him. **WOMAN SCORNED IS
THEME OF "SALOME"
AT THE PLAYHOUSE**

The figure of a woman scorned has never been so terribly and tragically visualized as by Nazimova in "*Salome*," which, with an array of imaginative music, is now showing at the Playhouse under release by Allied Producers and Distributors Corporation.

Spurned by the only man who had ever addressed her heart and won her affections, she demands his life, and he would not suffer her to kiss his lips in life, but suffer her to die in death—biting sweet, fearful revenge not possible to any other age, perhaps, but not surprising in the period just preceding the dawn of the Christian Era. When the soldiers of Herod, struck with superstitious fear, refused to fulfill the command of Herod, still more fearful Herod, Salome, herself, snatches the scimitar from the hands of a sinister Nubian and would undertake the deed herself. She had just danced for Herod was unafraid of death. To

the company playing small parts in a finished manner, "Charley's Aunt" will play for the remainder of the week.

**MOTHERS LIKE TO TREAT
COLDS WITH VAPORS**

**Direct Treatment with Vaporizing
Save Immediately Reaches
Inflamed Air Passages.**

It is no longer necessary to constantly dose the children in treatment groups, bronchitis, sore throat, or deep chest colds. Many Canadian mothers now use the "butane remedy, Vicks VapoRub," for the cold troubles of the family, because it is just rubbed over the nose and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, loosening the phlegm and making breathing easier.

At the same time Vicks is absorbed and stimulates the skin like a liniment or plaster and thus aids the vapors inhaled to break up the congestion.

At all drug stores, 50c a jar. For free test size package, write Vick Chemical Co., 344 St. Paul St., W. Montreal, P.Q. (Advt.)

Saxon-Snell, Ronald Sinclair and Nina Oldfield play the principal parts.

Tickets are now on sale at the Royal Theatre.

RACHMANINOFF'S STYLE OF PLAYING IS DISTINCTIVE

The famous Russian composer and pianist, Sergei Rachmaninoff, is one of the few artists before the public who combines the technique of a virtuoso with genuine musicianship, individuality and poetic sensibility.

His style of playing is absolutely his own. Alive with color, with expressive nuance, with dynamic rhythmic movements and gradations of tone, it brings easily to the surface the emotional substance of each piece of music.

In fact, it marks the pinnacle of artistic musicianship at the piano with a master-hand on the keyboard. He cannot be measured by the canon by which musicians generally are rated. His personality dominates his art.

He is a man of infinite variety, making it distinctive and distinct.

To talk of technique and standards in connection with such outstanding qualities as distinguish the work of this wonderful player and composer would be presumption. Rachmaninoff is an exemplification of the claim sometimes made that the Russian intellectual has channels of thought never entered by any other nationality.

His playing of the most delicate passages throbs with color and life. His playing is that of the perfect musician vivified by the soul of genius. He will be heard at the Royal Victoria on Monday, February 23.

The Iron Pots of Gondricourt

UST after daybreak a traveler along the narrow byways of a small French village can see the housewife beginning her day.

Through the open doorway her fireplace

glows like a forge. A heavy iron pot, which she has filled with water from the town pump, is lifted and swung upon the crane. At the other end of the village, perhaps, runs the little stream where she washes her family's clothes upon the rocks.

Throughout the village life of much of Europe, such pictures are multiplied by thousands. Quaint, to be sure, but what grinding and incessant toil these primitive household arrangements mean!

In contrast to this, even the remote districts of Canada boast comfort unknown to the rural life of other countries. Conveniences are found that could not be duplicated in any save the wealthiest homes of foreign nations.

Adequate heating systems, the farm lighting plant, the washing machine, the vacuum cleaner, the telephone and numberless labor-saving devices have lifted modern life in Canada to unprecedented levels of comfort and ease.

To a large measure this has been due to advertising. Advertising has familiarized all of us with new inventions. Advertising has made possible the wide distribution of new products. By increasing sales, advertising has reduced the price of modern household utilities to the reach of the modest purse.

By reading advertisements
we keep abreast of
modern progress

Levy's Studio.

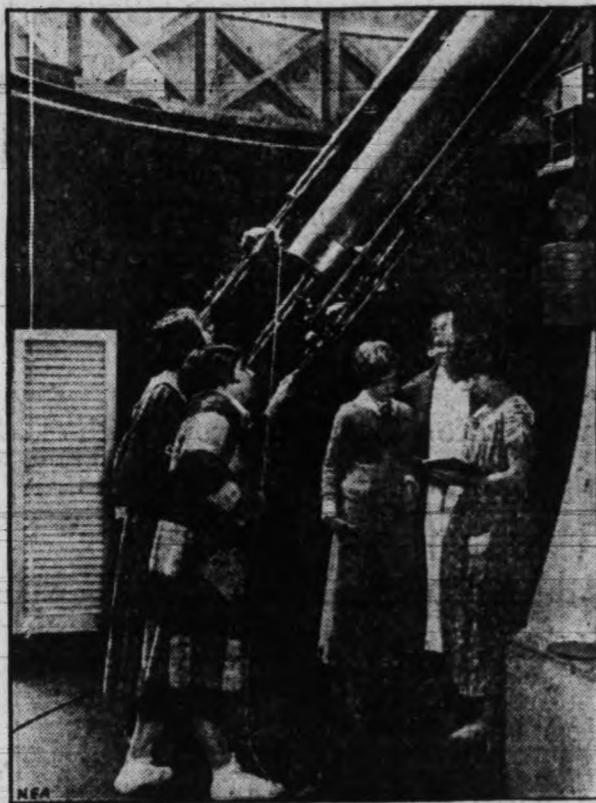

"To build up a rundown constitution or to strengthen the nerves, I know of no better medicine than Dr. Pierce's Golden Medical Discovery," said Chas. M. Brush of 405 Caron Ave., Windsor, Ont. "I had become very thin and weak, and suffered a great deal of trouble; I would have spells of nervous indigestion. But after taking a few bottles of Dr. Pierce's Golden Medical Discovery, my health was much improved and my nerves were stronger. I did not have any more spells of nervous indigestion. 'Golden Medical Discovery' seemed to tone up my entire system and made me feel much improved physically."

"Nightie Night" will be preceded by a short one-act play entitled "Elegant Edward," in which H.

(Advt.)

TEMPERAMENTAL ARTIST—Ethel Leginska, English pianist, who disappeared in New York on her way to give a recital. She resided in Toronto for several years, and was known as a temperamental artist, and the first girl in Toronto to bob her hair.

WOMEN AT VASSAR STUDY SUN'S ECLIPSE—For probably the first time in history, an exhaustive study of a solar eclipse was made by a staff of women observers. This was at Vassar College, Poughkeepsie, N.Y., where the monster telescope in the dome of the building was pointed at the heavens and operated by girl students as shown in the picture.

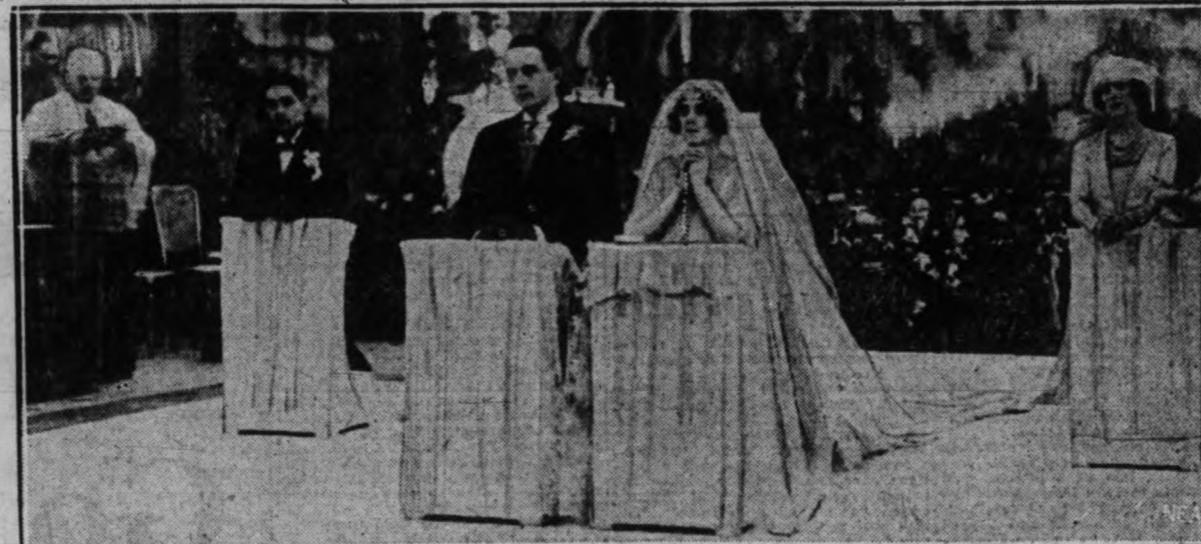

SCHOOL DAYS

THE TURTLES BY THE HARE

TO LOVE, HONOR AND CHERISH UNTIL DEATH—COST \$100,000!—At Chicago's most magnificent wedding, in Holy Name cathedral, Loretta Hines, daughter of Mr. and Mrs. Edward Hines, millionaire lumberman, became Mrs. Howell Hoffman Howard. More than 2,000 invited guests attended the ceremony, which cost over \$100,000. Tito Schipa sang and the Chicago Symphony Orchestra played the bridal march. The bridal couple is shown kneeling in the sanctuary as Cardinal Mundelein performs the ceremony. This unusual picture was taken by Cameraman Fugita, who was stationed behind a palm in the sanctuary. (Photo Copyright, 1925.)

SHORTEST—Mr. I., whose home is in Hangchow, China, and who is a senior at the Johns Hopkins Medical School, has the world's shortest name. Philologists declare it must be the shortest as it is only one letter long, and that one displaces less ink than any other in the alphabet.

NEW GUM KING—Philip K. Wrigley, son of William Wrigley Jr., will be elected to succeed his father as president of the Wrigley Chewing Gum Company, it is said. Philip, though not yet thirty, will in all probability be chosen to head the \$35,000,000 company at the next directors' meeting.

LATEST DIVERSION FOR EUROPE'S WEALTHY—The Riviera offers this as the latest in motor caravans. The power is supplied by the diminutive car in front; the huge van that is the home of the tourists is a trailer. And all the accessories of camping, even to the canoe, which is seen atop the small auto, are included.

WEDDING BELLS—They rang for Larry Semon, "King of Film-Slapstick" and Dainty Dorothy Dwan, his leading lady. Larry had his nose bobbed for another, but along came Dorothy to win by a nose. They are shown at the station in New York just before the marriage.

BANKER ON TRIAL—S. Casey Wood, K.C., former director of the Home Bank of Canada, who is now testifying in his own defense before Judge Coatsworth.

INTERNATIONAL BEAUTY—Maria Jeritza is not only one of Austria's most beautiful women, but is also one of the leading singers at the Metropolitan Grand Opera in New York City.

GERMAN RAILWAY DISASTER—One of the worst railway disasters in German history is reported from Herne in the Ruhr district. In a dense fog the Berlin-Cologne express crashed into a local passenger train filled with early morning workers. Twenty-two were killed and fifty injured.

"MA" INAUGURATED—Mrs. Miriam Amanda "Ma" Ferguson was inaugurated as Governor of Texas with all the pomp and ceremony which was given her many predecessors. Here she is shown delivering her inaugural speech as state officials and dignitaries listen.

CENTENARIAN DEAD—Mrs. John Spanhouse, Greentree, Ont., who was a hundred years old on November 10 last, died this week from a stroke.

Wall Street TO-DAY

Last Minute News on Stocks
and Financial Affairs

LEAD WALL STREET

New York, Feb. 3 (By R. P. Clark and Co.)—The market in stocks today was a mixed one, and final price changes in practically all departments, were rather insignificant. There were some strong spots in the market, while at the same time many of the industrial shares act rather haphazardly. It is difficult to get a clear picture of recent realizations sales. The outside buying power in stock that have been foremost in the advance prior to the up-swing in the oil shares seem to have subsided to a marked degree. The oil shares show signs of having to absorb some profit taking sales, which is natural in view of the fact that such issues have scored fair-sized gains in the last couple of weeks.

News touching on the doings in the oil industry, however, indicated the gradual development of strength, and indications are being given that the crude oil prices will be much higher before next Spring. Some of the 1924 earnings exhibits of certain companies have not been as favorable as anticipated, and this probably retards the desire to engage in aggressive buy operations in the immediate quarters at the present time.

The reactionary tendency in most of the industrials may continue for a while longer, in the event of which same may have depressing effect on the balance of the market, even though same be of temporary duration.

New York, Feb. 3 (By B.C. Bond Corporation's direct Wall Street wire)—The Wall Street Journal stock market edition this afternoon says:

To-day's market proved there were still plenty of constructive factors in the business situation which had not been fully appreciated during the substantial nature of the recent gains. In the case of the oils for instance, it was manifestly plain that the abrupt turn for the better in the production situation should be measured by a forward movement of a week's duration.

There were another group which mirrored the prosperity of the business which they represent. Rapid expansion in incoming steel orders demonstrate that the Spring trade movements only beginning yet the latest available statistics show freight traffic is maintaining record levels, pointing to a volume which exceeds the capacity of the railroads before Summer. While the day's transactions were mostly made up of advances in groups affected by trade developments of a favorable character, the action of the market as a whole gave evidence of a healthy condition in the entire speculative structure.

Motors were stimulated by persistent strength in Studebaker, which reached its best level since the market's recovery at 45%, up four points since the group now active in the stock assumed sponsorship of it a week ago. Independent steels were strengthened by a further buying movement in Gulf States, which moved up two points to a new high record, and, moreover, directors of this company are expected to declare a stock dividend of five per cent, to ten per cent, at their meeting late this month. In 1924 Gulf States showed earnings of nearly \$7.50 a share on 112,000 outstanding common shares. There is no funded debt, and only 20,000 shares of first and thirty-year preferred are issued. With its strong earning power, low cost production, this company should show considerably increased earnings this year, based on improved conditions and bright outlook in the steel industry.

Strength in Sloss Sheffield and Gulf States Steel was accompanied by a constant bullish movement in prices for pig iron in Birmingham. Houses identified with Studebaker's financial management were the principal buyers of the stock. Their bullishness was based on the improving financial position shown by the company's earnings since the new models were brought out. Stocks developed renewed strength in the last hour and further gains were scored in many sections of the list in the final dealing.

The market continues quiet. Call money rates steady at 3% per cent.

Time money market is quiet. Sixty days 3% per cent; ninety days, 2%; per cent; four to six months, 2%; per cent bid, 4% per cent offered. Commercial paper market rather quiet.

CHICAGO GRAIN

Chicago, Ills., Feb. 3 (By R. P. Clark & Co. Limited)—Wheat: Last night railed wheat and wiped out a good share of the early losses. The heavy early pressure resulted in an oversold pit condition, with the subsequent buying causing the upturn. Cables were 5% to 5% off from Liverpool, and Buenos Ayres was easily able to find buyers. The market ran into stop losses with very little support, breaking sharply on comparatively light trade. Late interests who sold early but recovered most of their losses in late trade. Export buying on the decline was of moderate proportions, in view of the decline. Local sales were small, while receipts in the West continue extremely large compared to a year ago. The market should have been placed after the technical shake-off by the decline, which caused prices off about 13% cents from the recent top. This is the biggest decline from any one point in several months. World's stocks increased 4,513,000 bushels for the week and Bradgate's estimates them to be only 10,000,000 bushels less than a year ago.

Think the market will be choppy, but expect a further setback to-morrow, believe the buyers will find a good spot to take hold again.

Corn: Buying of this grain was more active to-day after the weakness due to the drop in wheat was discounted, and prices closed sharply higher. There is less pressure of selling in the cash situation in spite of fair weather stocks, but future conditions are not such that buying is advisable on all setbacks especially as the supply of contract trades of corn are extremely small. Think corn can be bought on all small setbacks.

Oats: Rallied somewhat but did

TIMES CROSS-WORD PUZZLE

There are many short words in this puzzle. But they were formed by a short fellow—an ambitious newsboy:

Cross-word Puzzle 019

HOW TO SOLVE THE CROSS-WORD PUZZLE

Every number in the form represents the beginning of a word, reading either horizontally or vertically. If there are two numbers to the left of the word, the word is horizontal; if above it, the word is vertical. The definitions for the correct words to fit the form are found below, with numbers corresponding to those on the grid. Read the definitions, then you find one or more which will fit, and put it in its proper place on the form, one letter for each white square. This will furnish several cross-clues to the words linking with it at right angles. Continue in this manner till the form is completed. If you have solved the puzzle correctly it should read easily both horizontally and vertically. Words are printed in the definitions. The correct solution of to-day's puzzle will be printed in the next issue of The Times.
